## President's Message

Jai Jinendra and Pranam to all my KOJAIN Community members,

I hope everyone is able to enjoy the summer of 2022 as most of us are out of Covid restrictions after two years. Many of us have taken to traveling in last few months and with schools out now, many will be able to travel to meet family and friends, explore nature etc. Wishing you all a safe and happy travels.

KOJAIN Matrimonial initiative launched this year is an effort to provide a platform to the community that can cater to the parents and matrimonial candidates too. We all recognize the differences related to search for partner has evolved over last couple of generations and with emergence of social media now. Matrimonial committee's endeavor is to provide a virtual gathering place for parents to meet and provide a separate platform for singles to mingle. We have had three parent meetings and couple of singles meetings. Another platform for this initiative is the matrimonial information of singles being published in this newsletter, we are glad many parents and singles can take advantage of this KOJAIN initiative for its members.

KOJAIN youths are also creating a platform where youths can continue to meet and stay in touch with community. Our Youth team volunteers are committed to provide various avenues by which youths stay connected with Kutchi roots.

Once again, this year we received many applications for scholarship 2022 and we are amazed at the resumes of applicants submitted for scholarship consideration. We are truly blessed as community to have such future bright stars and leaders.

We are continuing to work on the KOJAIN Directory project, you will be hearing very soon from us on this initiative. We will need everyone's support to make sure all your family and friends in North America are submitting their details for KOJAIN directory.

We look forward to hearing from you so please send your views/reviews and articles to [newsletter@kojain.com](mailto:newsletter@kojain.com).

Jai Jinendra and Best regards,

Manish Mota

### Summer in New England

For New Englanders, summer is a happy time with sunshine and warm weather, a luxury available only a few months of the year. This year post pandemic, many of us have welcomed our parents from India and are spending quality family time together. Boston Kutchhis are planning a summer picnic on August 14th 2022.

10+ Kutchhi kids from Region 10 attended the YJA 2022 convention in Dallas, TX during the July 4th weekend and had a great experience bonding with Kutchhis and Jain youth from around the country. Two Kutchi families from region 10 volunteered at the conference and were happy to facilitate a special Kutchi Medavo at YJA.

Neev Maru, son of Nilam & Ashish Maru (Bidada) graduated from Westford Academy high school and will be attending University of Connecticut in the fall.

## Region 11 - Canada

### Annual Picnic – July 9, 2022

The most awaited event of the year for the Canadian Kutchhis - 'KOJAIN Summer Picnic' took place on July 9th, 2022 at The Centennial Park (Etobicoke, Toronto). The excitement for the event was boundless which was reflected in the number of participants who registered for and attended the picnic. More than 225 Kutchhis of all age groups (toddlers to seniors) attended the picnic. Some of the Kutchhi friends were newcomers to Canada (landed less than a week).

Approximately 35-40 volunteers worked dedicatedly for weeks to make this a very successful event. Volunteers were divided into various teams (Registration team, Games team, Venue Setup Team, Food team, Emergency Response teams) who worked individually as well as coordinated with each other to run the show smoothly.

A unique activity that was tried for the first time at our picnic, was organizing multiple (>10) fun n fair-style game stations. People would visit these stalls/stations and play fun games and collect stickers for each of their successful participation. Under the supervision of the senior members, each of the game stations was managed by volunteers who were either newcomers to Canada, recent high school graduates, or University undergrad students. This way these volunteers had a chance to interact with other fellow kutchhis. The fun station games were followed by Group games that were planned for different age groups and competitive team games. It should be noted that all the teams (10 teams of 16-17 members each) were formed ahead of the event and was balanced with respect to age and gender.

The highlight of any event is the food which was ample and delicious starting from snacks, tea, dinner and dessert. Both Jain and Non-Jain food options were ordered (based on individual choices while registering). This year we tried to minimize plastic waste by using environmentally friendly disposables and using 15 liters of water cans with dispensers instead of plastic water bottles.

We felicitated our past Regional Director (2018-19), and Kojain Secretary (2022-21), Bhavesh Veera, who was attending his last picnic in Canada before relocating to New Jersey. Any kutchhi gathering is incomplete if it doesn't end with Garba. "Ae Halo" was enough to bring everybody on the dance floor.

Members paid \$10 each for this event that was partially (>50%) sponsored by a few families. Congratulations to all our enthusiastic volunteers and Thank you to our fellow Kutchhis for their participation and special Thanks to all our generous Donors. The success was nothing but a result of Great Teamwork.

A lot of pictures and videos to relive the moments can be found here: ( <https://photos.app.goo.gl/ncpqr8ViXbLLSSbh6> ).
